DSS 106 - Rustic Walnut Oak

UV Coating

It acts as an anti-pollution barrier and absorbs ultraviolet radiation effectively, improving wear resistance, delaying product ageing, and making cleaning easier.

Wear Layer

Wear layer serves as a shield for the plank. A wear layer, in essence, ensures that wear and tear do not have an impact on your floor.

Decor Film

This quality Vinyl Image layer provides a wooden-like appearance to your flooring, making it more opulent and authentic.

SPC Core Sheet

This is the plank's solid, waterproof core, which is comprised of natural limestone powder, polyvinyl chloride, and stabilisers. It gives stiffness and stability to the plank.

Underlayment

The underlayment absorbs sound, maintains warmth, and provides cushioning comfort. A denser layer provides better noise absorption and shock absorption.

Alpine Spotted Gum

A stunning blend of natural, earthy tones, **Alpine Spotted Gum** features a balanced mix of soft greys and light browns. Its organic color palette adds warmth and depth, creating a sense of calm and natural harmony in any interior.

Arctic White Oak

Crisp and modern, **Arctic White Oak** brings a refreshing lightness to any space. The soft whitewashed grain and subtle texture create an airy, open feel that enhances natural light and complements both coastal and contemporary designs.

European Oak

Timeless and versatile, **European Oak** embodies refined simplicity. Its smooth, natural wood tones and elegant grain offer a classic appeal that balances warmth and sophistication, making it a seamless fit for modern or traditional interiors alike.

Natural Brushed Oak

Elegant yet understated, **Natural Brushed Oak** combines gentle golden hues with a softly textured grain for a beautifully authentic timber look. The brushed surface enhances its depth and character, giving your space a naturally effortless charm.

QLD Spotted Gum

Inspired by native Australian timber, **QLD Spotted Gum** showcases rich natural variation with honey and cocoa undertones. Its bold character and distinct grain pattern lend an inviting, organic quality that feels both grounded and luxurious.

Rustic Walnut Oak

Rich and enduring, **Rustic Walnut Oak** captures the timeless appeal of traditional timber. Deep brown hues paired with textured grain detail create an atmosphere of warmth and authenticity — a look that feels both classic and beautifully lived-in.
